## Founder of Nike Art Gallery Visits The Art Hotel Lagos

The Art Hotel Lagos recently had the honour of welcoming the founder of Nike Art Gallery, Chief Dr. Nike Davies-Okundaye, to our Art Gallery.

Her visit reflects the long-standing relationship between The Art Hotel and Nike Art Gallery—built on a shared commitment to preserving, promoting, and celebrating Nigerian art and culture.

For years, this connection has helped foster the growth and visibility of local artworks, creating meaningful platforms for artists to showcase their creativity and tell their stories.

We are proud to continue this journey of collaboration and cultural exchange, where art remains at the heart of everything we do.

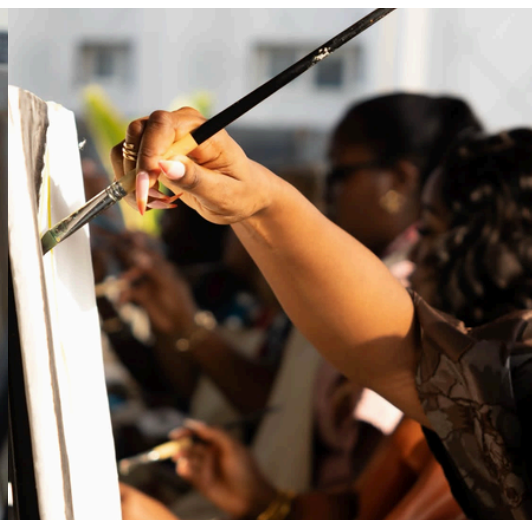

## Sip and Paint at The Cloud Terrace

Our Sip and Paint sessions at Cloud Terrace continue to be one of the most engaging creative experiences at The Art Hotel Lagos.

Set against the serene backdrop of the city skyline, guests are invited to unwind with a glass in hand while exploring their creativity through guided painting sessions.

This collaboration with Sip and Paint NG strengthens our shared commitment to building spaces where art, leisure, and community come together in meaningful ways.

We look forward to welcoming more guests to future sessions as we continue to celebrate creativity in all its forms.

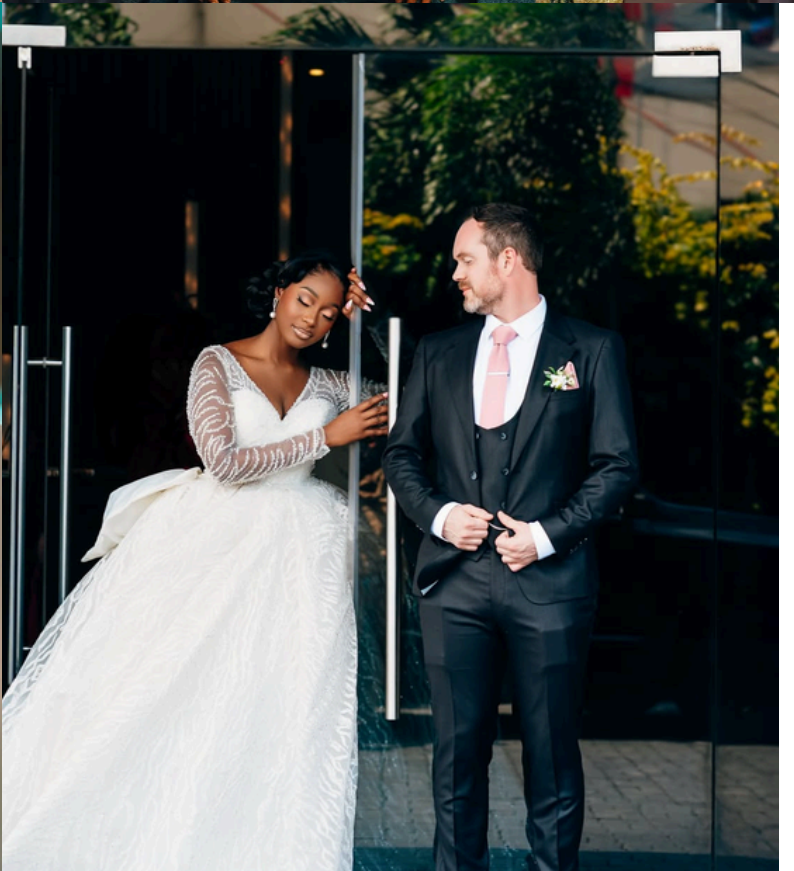

## Sunday Brunch at The Art Hotel
